

## Miller & Rhoads

We Close To-day at 12:30 P. M. on Account of General Lee's Funeral.

### Linen Sheeting for 85¢ Yd Suits and Skirts

It's Worth \$1.25.

Our own importation, 90 inches wide, all pure linen.

We bought a fine lot of linen in Belfast, Ireland, to sell for 85¢ yard, due here April 1st.

The linen manufacturer found he couldn't deliver the sheeting. Kept us waiting a month and then sent us a \$1.25 value to make up for the loss of time.

The goods arrived yesterday.

Best Linen Sheeting at 85¢ that ever came into Richmond.

May Manton Patterns 10c. each, on sale in Trimming Department.

## NEWS GATHERED FROM SOUTHSIDE

Many Citizens to Attend the Funeral of General Fitzhugh Lee To-day.

MARTIN MEETING TO-MORROW

Interest in the Forthcoming Primary—Two Arrests Last Night.

Manchester Bureau, Times-Dispatch, No. 1022 Hull Street.

There will be an outpouring of citizens to-morrow to attend the funeral of General Lee.

Politics have been cut out, and there is an air of genuine sadness and sobriety that indicates the real feeling of the people toward the late General.

Business will be suspended in a great measure from noon. The old soldiers will rally to the scene of the burial to drop a tear over the body of the dead hero, and to express their regrets at his taking off.

The city offices will all be closed and no Council committee meetings will be held. There will be special car arrangements to help the crowds, and the indications are that for several hours Manchester will resemble a deserted city.

**Friday Night Meeting.**  
Arrangements for the Martin meeting will hold, and the city chairman says he feels confident that there will be a large audience to hear the Junior senator speak. Sentiment as regards favorites in the fight seems to be pretty closely divided.

**Legislature Canvass.**

The fight for the nomination for Legislature between Mr. R. S. Rives and Mr. Willis Pulliam goes on quietly.

The friends of both candidates are confident of victory for their favorite, but neither candidate is letting any weeds grow in his garden. Both young men are members of the strong 1903 organization. The order does not officially get into politics, but, of course, each man can vote as he sees fit; and in this way it looks like a close fight between the two.

**Two Arrests.**

W. O. Bogart was taken in tow last night for being too much overladen to safely navigate. He was carried into a safe harbor, and Mayor Maurice will look him over to-day.

**Personals and Briefs.**

A young man named M. E. Bogart, of Franklin county, was arrested yesterday morning by Officer Smith on the charge of being drunk and begging on the street.

Mayor Maurice yesterday fined Special Officer Brooks, of the Atlantic Coast Line, for recklessly shooting a pistol in the street. The officer fired at a man whom he thought was stealing ice from a car.

All the city offices will be closed to-morrow, so that those who wish may attend the funeral of General Lee. The closing order was issued by the Mayor yesterday. Members of Joe Johnson Camp will accompany the members of Pickett Camp to the funeral.

There will be an entertainment for the benefit of the building fund of Cowardin Avenue Church at the home of Mr. T. R. Cheatham, No. 108 East Ninth Street, this evening at 8 o'clock.

A mock initiation will be held to-night by Health Conclave, I. O. H., at the hall, to be followed by a banquet.

**GOVERNOR STILL SICK.**

Unable to Sit Up and Mrs. Montague Is Also Indisposed.

Governor Montague's condition was thought to be slightly improved last night, though he is still quite sick and unable to sit up to receive even his most intimate friends. It is a source of deep regret in official circles that the Governor is deprived of illness of the sad privilege of participating in the exercises incident to the funeral of General Lee, but under his physician's orders he will not be allowed to be out before next week, even though he shall continue to improve. The Governor's condition has been much more serious than most people thought, and his family and close friends were considerably alarmed for several days as a result.

Mrs. Montague is now indisposed and is confined to her room, though her condition is not at all serious.

**The May Festival.**

The May festival, being conducted at Corcoran Hall, is proving a great success. The hall is beautifully decorated and the displays on the different tables are unusually good, and in themselves are

mate friends. It is a source of deep regret in official circles that the Governor is deprived of illness of the sad privilege of participating in the exercises incident to the funeral of General Lee, but under his physician's orders he will not be allowed to be out before next week, even though he shall continue to improve. ## HAVE GREAT GAME HERE SATURDAY

Georgetown University and Carolina Cross Bats on Richmond Diamond.

STARS OF FIRST MAGNITUDE

Excellent Players of Both Teams Will Give High Class Exhibition.

The base-ball game at Broad Street Park Saturday afternoon at 4 o'clock between the teams of the Georgetown University, of Washington, and the University of North Carolina, will be the fastest game of ball seen in this city for several seasons. These two clubs are of a higher standard than almost any of the Southern clubs and are fully up to the work of the best amateur base-ball clubs in the country.

The Carolinians always have a strong team, and this year they have demonstrated that it is a high class team, well balanced in the pitching, fielding and batting departments, and skilled in all the fine points of the game. Georgetown has an even greater reputation and is probably the most formidable college aggregation in the East. It has conquered Yale and almost all the large university teams and recently defeated North Carolina 5 to 0. This second game will give the Carolinians an opportunity to even up the score and break even on the series.

**Some Crack Pitchers.**

The men from Carolina are better known here than Georgetown, but the wearers of the blue and gray promise to become favorites here this year, having several

## Sick Headache

When your head aches, there is a storm in the nervous system, centering in the brain.

This irritation produces pain in the head, and the turbulent nerve current sent to the stomach causes nausea, vomiting.

This is sick headache, and is dangerous, as frequent and prolonged attacks weaken the brain, resulting in loss of memory, inflammation, epilepsy, fits, dizziness, etc.

Alay this stormy, irritated, aching condition by taking Dr. Miles' Anti-Pain Pills.

They stop the pain by soothing, strengthening and relieving the tension upon the nerves—not by paralyzing them, as do most headache remedies.

Dr. Miles' Anti-Pain Pills do not contain opium, morphine, chloral, cocaine or similar drugs.

"Sick headache is hereditary in my family. My father suffered a great deal, and for many years I have had spells that were so severe that I was unable to attend to my business affairs for a day or so at a time. During a very severe attack of headache, I took Dr. Miles' Anti-Pain Pills and they relieved me almost immediately. Since then I take them when I feel the spell coming on and it stops it at once."

JOHN J. McBRIDE, Jr., Pres. S. B. Eng. Co., South Bend, Ind.

Dr. Miles' Anti-Pain Pills are sold by your druggist, who will guarantee that the first package will benefit you. It falls he will return your money. 25 doses, 25 cents. Never sold in bulk. Miles Medical Co., Elkhart, Ind.

and another quantity in a wood shed in the rear of the store. The men keeping the store stated that they bought the stuff

## CORTELYOU FOR EQUITABLE HEAD

Believed That Position Has Been Offered to Postmaster-General.

CONGRESS OF RAILWAY MEN

Proposition That Ex-Governor O'Ferrall Succeed General Lee Much Favored.

(From Our Regular Correspondent.)

WASHINGTON, D. C., May 3.—The proposition to elect ex-Governor Charles T. O'Ferrall to the position of president of the Jamestown Exposition Company, to succeed the late Fitzhugh Lee, is frequently discussed in Washington. Governor O'Ferrall is well known here, largely through his long service in Congress. He was regarded as one of the strong men on the Democratic side in the days when Democrats counted for more, in point of numbers, than they do in the halls of legislation to-day. Governor O'Ferrall's legislative record and the fact that he is said to have been the youngest colonel in the service of the Confederate States, have added to his prestige. He is a speaker of eloquence and his arts of persuasion are developed to a degree which would prove of great value in the work it is proposed that he take up.

It is very generally believed here that Postmaster-General Cortelyou has been tendered and will accept the position of president of the Equitable Life Assurance Society, to succeed J. W. Alexander. Indeed, there is little or no doubt that the place has been offered Mr. Cortelyou. Possibly there is an little that he will accept, though he has not indicated that

## Gans-Rady Company.

THE question of how little or how much you pay for a garment is far from being the main feature to consider. It's much more important that you get much in "value" for the price you pay—and if you make "value" your consideration when buying, you'll buy Gans-Rady Clothing.

## Gans-Rady Company.

the negro Smith, knowing it to have been stolen. A quantity of the alleged booty was recovered, and it now at the Second Station.

**SUIT FOR A BET.**

Losers Declared He Regarded It as a Joke and Refused Payment.

CHARLOTTE, N. C., May 3.—The case of Graham Weddington vs. John H. Rawley, which was continued in the Superior Court, is an action brought upon, extraordinary grounds. Nearly two years ago, Mr. Weddington and Mr. Rawley were bowling at the Latta Park alley. At the end of a game Mr. Weddington turned to Mr. Rawley and thinking upon the moment, said: "I'll bet you twenty-five dollars I can make a ten-strike three times in succession." Mr. Rawley assenting. The pins were set up and as unusually good rolling, Mr. Weddington made the three ten-strikes. Nothing was said of the bet, "till several weeks after, when Mr. Weddington made an effort to collect it. Mr. Rawley said that he considered the proposed bet merely in the manner of a jest, and he refused to pay it. The action is in consequence of the refusal and is for the recovery of the \$75.

**Large Real Estate Sales.**

(Special to The Times-Dispatch.) GREENSBORO, N. C., May 3.—Fifty acres, bordering the city limits, belonging to the estate of the late B. J. Fisher, of New York, brought at private sale by order of the court to-day one hundred and twenty-five thousand dollars. County sheriff, J. P. Jordan, was the purchaser. Blandwood, the historic residence of ex-Governor John M. Morehead, belonging to the estate of the late Julius A. Gray, and occupied for the past ten years by a Keeley Institute, was purchased by the

GEORGETOWN'S CRACK BASE-BALL ARTISTS WHO WILL PLAY CAROLINA HERE TO-MORROW.

worth a visit to the festival. The contests, which are exciting a keen rivalry, will close Saturday night. The attendance has been all that could be desired.

**The Produce Market.**

There was good business on the produce market to-day. The demand was not so large as on the previous day, and the demand was more active. These conditions brought the commission men and the retailers face to face for lively business. Notwithstanding curtailed receipts, the market is well supplied with all kinds of early vegetables, and the retailers and market men have no trouble in getting what they want. For some articles there have to pay a little bit more than they did the first day of the week.

**Meetings at Immanuel Close.**

The special services which have been in progress at Immanuel Baptist Church for ten days, closed last night with a final sermon by Mr. Harrold on "The Conversion of Saul." The attendance was large and the service was one of deep interest. There were four additions to the church, two upon profession and two by letter. Rev. Mr. Harrold, an accomplished Syrian scholar, has preached very acceptably during these meetings, and the music led by a large choir, under the direction of Mr. Reinhardt, has been excellent.

**Small Fire in Fulton.**

A small fire in Fulton early yesterday morning burned several outbuildings in the rear of Nos. 336 and 338 Louisiana Street. The fire was discovered by Policeman Cox, who sent in a still alarm. The damage will be between two and three hundred dollars, covered by insurance.

**Body Found in Dock.**

The body of a negro named Thomas Hundley, was recovered from the dock by Joe Edwards yesterday morning. The negro had been missing since December 3d. On that night he was last seen in a half-drunken way, strolling toward the dock. Coroner Taylor turned the body over to relatives, as there were no indications of foul play.

**Meeting Postponed.**

The officers of the Woman's Auxiliary of the Virginia Passenger and Power Company's Young Men's Christian Association have postponed the annual meeting which was to have been held to-day. The postponement is on account of General Lee's funeral. The meeting will be held on the 6th instant.

**Small Suit Filed.**

In the City Circuit Court yesterday notice of suit was filed by Harry L. Holland against the Richmond Transfer Company and the Atlantic Coast Line, alleging \$500. The declaration has been filed, though it is understood that the alleged loss of a trunk in transit is involved.

**LETTER TO H. A. GILLIS.**

Dear Sir: Three gallons saved is \$12 to \$15 earned. Mr. Harford Platt of Bridgeport, Conn., ordered 15 gallons Devco to paint his house, and returned 5 gallons. His painter said it would take 15 gallons lead-and-oil paint.

Hubbard & Wade Co. sold it. They say everybody has the same experience there. The reason is, of course, they are used to poor paint.

What is poor paint? Anything not Devco; some worse than others. Besides, paints wear about as they cover. Double the \$12 to \$15.

Yours truly, F. W. DEVCO & CO.

Harris Hardware Co. sell our paint.

base-ball and foot-ball games—scheduled for Richmond. Georgetown has a brilliant pitching corps. While Ayer may probably be called the star on his record this season, Drennan, a young left-hander, promises to press him hard for the honors. He has all the elements of a good pitcher and is improving with every game. Titus is valuable and experienced pitcher with an excellent record. White and Healy are the other twirlers and they are both good.

At short McGuffin, a veteran in field sports, is the regular man, but Curry, a youngster, is doing phenomenal work in the short field also. On first base is Larkin, a fine, all round player, especially strong in playing the bag and fielding that position.

**Star of First Magnitude.**

Second base is covered by Henretty, now playing his second year at the University, a man who has an excellent fielding record and is a strong batter. James Morgan, who plays third, really plays it, being recognized as one of the stars of the country, and he also captains the team. Smith, a youngster, just eighteen, is substitute at third, is one of the finest of the season in the outfield. Georgetown has Martell, a safe and strong batter and fast fielder. Burns, who looks after the center garden, is also a reliable and scientific batter. Keane, in left field, is very fast on his feet, is a safe hitter, a fast baserunner, and throws from deep field to the plate with ease.

Taking the team as a whole, Georgetown has this year on the diamond one of the most brilliant aggregations that ever represented the University.

A great crowd is expected from the two universities, with the game, and the light blue and white and the dark blue and gray will be conspicuously in evidence. Both teams have many followers in this city.

**ONLY HIGH SCHOOL BOYS**

Limited Space at Cemetery Debars Participation Other Children

It will be a great disappointment to the hundreds of boys, who proposed to take part in the funeral procession (open to all) to know that the High School will be allowed to participate. This decision was made after school hours yesterday by the authorities in charge of the funeral arrangements, because of the limited space which can be used at the cemetery.

Preparations have been going on for several days by the boys in the grammar schools of the various schools. Neat badges had been provided, flags and banners had been secured, but it will be impossible owing to the action of the committee for the boys to appear in line. It is hoped, therefore, that none of the boys will assemble at High School to-day, except those from the High School.

**BIG THEFT DISCOVERED.**

Groceries Taken From Railway Cars—Justice John's Court.

Justice John had another "continuation day" yesterday. The docket was long and of some importance, but under the rule he set on Monday, he continued the cases until he gets back into the courtroom.

The most important case was that of four men charged with taking a lot of flour, coffee, cakes, soap, etc., from Chesapeake and Ohio freight cars. Captain Tomlinson got onto the train and found a quantity of the stuff in a small store at Seventeenth and Jay Streets,

from other persons, not knowing it was stolen. The two men keeping the store were arrested, as well as the two alleged to have sold it to them. There was enough flour, salt, soap and other things to stock a good sized store. Those who were arrested in the case were W. E. Miles and G. W. Burton and George Monroe and Mack. The hearing went over to the 5th.

Another case of some interest was that of the two colored women, Martha Holmes and Carey Barton, charged with running a speak-easy on last Sunday. The case was further continued to the 6th.

If W. Netherland is charged with beating a horse. The case went over to the 11th.

Robert Parrish was sent down for ninety days as a suspicious character and for threatening to beat Willie Dunn.

Ellish Gray got sixty days for threatening to beat George Fitzgerald. Webster Wallace, on the charge of beating Pannie Wallace, had his case go over to the 5th, while Julia Bullock, on the charge of beating Julia Hughes, will be heard on the same day.

That was all but a few drunks.

**Pure Food Laws are Good.**

101 East Broad Street.

he will do so. He is reported to have made one or two significant remarks to friends in this city before leaving for Pennsylvania a day or two ago which indicated that he would leave the Cabinet and take on the duties of the presidency of the big insurance concern. Let it be remembered that while as Postmaster-General in the Cabinet of President Roosevelt, Mr. Cortelyou receives a salary of \$8,000 a year. President Alexander, of the Equitable, receives a compensation of \$100,000 a year. It is believed the salary which would be offered Mr. Cortelyou would hardly reach the mark of that paid Mr. Alexander, yet it would be several times greater than that of a Cabinet minister and greater than that paid the President of the United States.

Mr. Cortelyou has had many brilliant careers in public life mapped out for him since he conducted such a successful campaign last fall and even the White House itself has been spoken of as the goal to which he might aspire as the climax of his achievements. Beginning life, not many years ago as a stenographer in the Postoffice Department and as a Democrat, he has done pretty well for himself, having occupied already two places in the Cabinet, besides having elected a President of the United States. Now he is offered one of the finest commercial positions in the world.

The International Railway Congress, which opened in this city to-day, has brought to Washington the most cosmopolitan city in the new world, the most cosmopolitan city in the world, the most cosmopolitan city in the world.

The congress is the safety of the International Congress of Religions at Chicago in 1893. Nearly all the countries of the earth are represented. The proceedings of the congress are in French and among the delegates no language is so seldom heard as good English. It is true, however, that every delegate can converse in English though the pronunciation and construction are somewhat at fault. This exhibit, embracing every appliance used in the operation of railway trains, including many locomotives, and devices for increasing safety, such as signals, brakes, etc., should prove of special interest to railroad men. The sessions of the congress are being held in the buildings erected near the monument, and the exhibition for the purpose. It is here that the exhibits are displayed. Whether the parliament is to be of practical benefit is another question. The need of devices which will add to the safety of human lives entrusted to railway companies is well established and the devices have been tested and approved. The difficulty lies in getting the roads to adopt them for the moment.

The efforts which have been made for years to induce the congress to pass a law requiring all roads to install the block system, have failed. Everybody remembers what a long fight it took to induce the congress to enact the law requiring all cars to be equipped with the air brake.

**ALLEGED CAR THIEF.**

Said to Have Sold Stolen Property to Brook Avenue Dealer.

Detectives Gibson and Wren yesterday arrested a negro named John Smith, who is charged with breaking into a car on the Richmond, Fredericksburg and Potomac road, and taking a lot of boot and notions. The man was locked up at the station.

A warrant was also sworn out against Sol S. Weinstein, who keeps a good store on Brooke Avenue. He is charged with having purchased a lot of stuff from

company of the administrator to-day at the reported price of twenty-five thousand dollars.

**APRIL'S MOODS.**

Unromantic Weather Bureau Man Keeps "Tab."

Director Evans, of the Weather Bureau, who looks at sunshine and showers in a practical and unromantic way, tells the story of April's moods by means of the appended figures:

**Character of day.**

**Temperature.** (Degrees Fahrenheit.)

**Precipitation.** (In inches and fraction of an inch.)

**Per Cent of Sunshine.**

**Date.**

1—Clear ..... 81 40 65 0 100

2—Clear ..... 82 46 64 0 100

3—Clear ..... 83 40 62 0 100

4—Partly cloudy ..... 80 48 64 0.23 100

5—Cloudy ..... 82 47 67 1.05 100
